XENIA, OHIO, TUESDAY, SEPTEMBER 23, 1919.

PRICE THREE CENTS

MEN CLAIM AMERICA'S STEEL INDUSTRY WILL BE PARALYZED BY SATURDAY

XENIA MUST INCREASE ITS WATER SUPPLY OR PAY HIGHER INSURANCE RATES SAYS STATE FIRE MARSHAL

Over one hundred people were present at the meeting held in the Opera house Monday night, at which time the question of the purchase of the water works by the city, which will be decided at a special election to be held Thursday, was taken up.

Philip Burgess, consulting hydraulic engineer of Columbus, who investigated the situation here for the city explained the technical side of the question and the advantages of the development of a new water supply at Old Town. The building of such a plant would have the advantage of transportation and power facilities and there would be plenty of water, it was explained by the engineer.

Mr. Burgess also explained the economic advantages to be gained under the municipal ownership. It was explained that the city can borrow money at 3 per cent less than a private corporation. Another one per cent saving is caused by the fact that the city would not have to pay taxes making the total saving 4 per cent. Besides this if the city develops a new supply at Old Town it will be paying for the operation of only one plant instead of two, as the Xenia Water Company is now doing, which would occasion another saving.

"If the city takes the plant and operates it as at present there would be a saving of \$11,000," explained Mr. Burgess, "and if the city develops a new supply at Old Town, which will have to be done anyway, there will be a saving of \$3,000 additional."

Austin M. Patterson, who was in charge of the meeting introduced State Fire Marshall Fleming, who spoke of the enormous proposition in this country to save part of the huge leakage from fire losses.

"It costs the United States \$1,400 every minute," said Mr. Fleming, "and it costs \$37,000 more in one year than the entire educational service of the country and \$76,000 more a year than the entire postal service of the United States. In two years the fire losses are enough to pay for the entire Panama canal."

"The insurance rate is fixed on a basis of the hazard of the town and the amount of protection afforded," said Mr. Fleming. "Ohio was the first state to have a fire prevention unit, a state fire marshal, a building code or a safe and sane Fourth of July and it has reduced its fire loss from \$15,000,000 to \$5,000,000 in the last two years."

"I am vitally interested in municipally owned water plants," said the fire marshal. "My home is in Cleveland, where all you pay for the water is for the convenience of having it piped into your house. Xenia is a third class town in insurance rates. Your present water supply is absolutely unfit to take care of your present needs and you will have to increase your supply or you are going to lose your insurance rate."

Mr. Fleming also spoke from the health stand point. "Sickness brings home the fact of the need of a good, pure supply of water," he said. "For your own good you should take this plant over and put in a new supply."

and the factories are threatened with a shut down. Half a million workmen are compelled to walk to and from their work.

The horse cab drivers are threatening to strike, demanding \$10 as the minimum fare, no matter how short the distance.

Chicago, Sept. 23.—With three men Leo and Walter Phillips, brothers, and John S. Wejta, held at police headquarters, police, detectives and postoffice inspectors today are searching for \$141,000 in currency, part of a cash shipment of \$234,000 stolen from the mails at Whiting, Ind., last Thursday.

The \$234,000 intended for the payroll of the Standard Oil company of Indiana was in transit from a Chicago bank to the bank of Whiting, Ind., when two men held up the postal clerk at the Pennsylvania railroad station in the Indiana town and made their escape with the mail pouch containing the cash.

Following the arrest late last night of the Phillips brothers, taken into custody when the police say they "flushed rolls of several thousand dollars on the street," detectives went to their home where they found \$93,000 in currency.

The money was hidden behind pictures, in closets, between sheets on beds in the room occupied by the Phillips brothers and under the carpets.

RAIN CAUSES LOSS
Hartford, Conn., Sept. 23.—Excessive rainfall during the past few weeks has caused approximately \$2,000,000 loss to Connecticut farmers by rotting the potato crop.

TRAINMAN KILLED IN WRECK.
Connellsville, Pa., Sept. 23.—Fireman W. A. Glenn, of Connellsville, was killed, and Engineer P. E. Miller, 50, of Connellsville, was injured when Baltimore and Ohio train No. 8 was derailed near here today. Reports that a number of passengers were killed and injured were denied by the railroad officials.

WASHINGTON, Sept. 23.—At the end of a four-hour attack on the League of Nations by Senator James A. Reed, Democrat, of Missouri, who has refused to stand with his party for unreserved ratification of the peace treaty, of which the league covenant is a part, the Senate galleries late yesterday started a demonstration that had to wear itself out, and then hissed violent disapproval when the cheering was condemned from the floor.

WASHINGTON, Sept. 23.—Charles M. Schwab, head of the Bethlehem Steel company, expects to leave New York for Chicago in his private car this afternoon, to attend a conference of steel operators on Wednesday, it was learned here this morning.

Buffalo, N. Y., Sept. 23.—Announcement was made shortly before noon today that the Lackawanna Steel plant, which has been employing anywhere from 8,000 to 10,000 men for the past year, and shut down this morning on account of the steel strike. The plant of the Donner Steel company will close tonight.

Washington, Sept. 23.—In six important steel centers in the Pittsburgh district, 95 per cent of all the workers of the United States Steel corporation, and 98 per cent of the workers in the independent steel plants in the same places are on strike, according to a telegram received today by William H. Johnston, president of the International Association of Machinists, one of the organizations directly affected by the strike from an organizer of the association in the Pittsburgh district.

Chicago, Sept. 23.—The second day of the steel strike found both sides in the Chicago district fighting to gain the mastery left undecided by the first day's developments.

APPOINTED BY PRESIDENT TO REPRESENT GENERAL PUBLIC AT NATIONAL LABOR CONFERENCE.

President Wilson recently made public the names of twenty-two men who will represent the general public in the national conference which begins in Washington on October 6. Plans for a new relationship between employer and employee will be considered. Twenty-two representatives to sit in the conference will be selected later by organized labor, the leading agricultural associations, investment bankers and manufacturers. Here are shown some of the men named by the President: Charles S. Dawes, of Chicago; O. E. Braffute, of Xenia, Ohio; Thomas L. Chubb, of New York; Charles E. Russell, Socialist leader of New York, and John D. Rockefeller, Jr., of New York.

SENATOR KENYON TAKES HAND IN STEEL STRIKE

Washington, Sept. 23. (3 p. m.)—Chairman Kenyon of the Senate Education and Labor Committee announced this afternoon that President Gary of the United States Steel Corporation and Chairman Fitzpatrick of the Steel Workers National Committee have been summoned by Kenyon to appear before the Senate Committee Thursday morning in connection with committees probe of steel strike.

DAYTON MAN WILL ADDRESS MEETING OF NEW ORGANIZATION

Fred W. Fancher, of Dayton, former Secretary of the Dayton Chamber of Commerce, and a practical man, will be the speaker at the first meeting of the entire membership of the Chamber of Commerce which will be held in the rooms on Main street Thursday evening at 7:30 o'clock.

Mr. Fancher will take for his subject "How to Start a Chamber of Commerce That Will Accomplish Definite Things," and it is promised that his message will be one of vital interest to the charter members of the new organization, who are hoping to accomplish much through the new body.

The by-laws, compiled by the committee on by-laws Monday evening, will also be presented for the favor of the membership at this meeting. The new body will vote on the by-laws at this meeting and either accept or reject them.

Thursday is election day in the Chamber of Commerce also and all returns must be in by that day. The results of the primary will be announced at that time to the members present.

It is especially hoped to have a large representation of the Chamber of Commerce present at this first meeting of the organization as Mr. Fancher's talk will be especially interesting to the pioneers in the local body.

CONNELLVILLE, Pa., Sept. 23.—Fireman W. A. Glenn, of Connellsville, was killed, and Engineer P. E. Miller, 50, of Connellsville, was injured when Baltimore and Ohio train No. 8 was derailed near here today. Reports that a number of passengers were killed and injured were denied by the railroad officials.

WASHINGTON, Sept. 23.—At the end of a four-hour attack on the League of Nations by Senator James A. Reed, Democrat, of Missouri, who has refused to stand with his party for unreserved ratification of the peace treaty, of which the league covenant is a part, the Senate galleries late yesterday started a demonstration that had to wear itself out, and then hissed violent disapproval when the cheering was condemned from the floor.

Chicago, Sept. 23.—The second day of the steel strike found both sides in the Chicago district fighting to gain the mastery left undecided by the first day's developments.

STRIKE BULLETINS

Cleveland, Sept. 23.—That the next important move in the steel strike situation is expected from Washington was the declaration of Henry W. Ransie, steel strike leader in the Cleveland district, today.

New York, Sept. 23.—Charles M. Schwab, head of the Bethlehem Steel company, expects to leave New York for Chicago in his private car this afternoon, to attend a conference of steel operators on Wednesday, it was learned here this morning.

Buffalo, N. Y., Sept. 23.—Announcement was made shortly before noon today that the Lackawanna Steel plant, which has been employing anywhere from 8,000 to 10,000 men for the past year, and shut down this morning on account of the steel strike. The plant of the Donner Steel company will close tonight.

Johnston, president of the International Association of Machinists, one of the organizations directly affected by the strike from an organizer of the association in the Pittsburgh district.

Chicago, Sept. 23.—The second day of the steel strike found both sides in the Chicago district fighting to gain the mastery left undecided by the first day's developments.

Pittsburgh, Pa., Sept. 23.—The strike is costing the iron and steel workers of the country approximately \$3,000,000 a day in wages alone.

Sharon, Pa., Sept. 23.—Two foreigners were shot here this forenoon in a resumption of the rioting which started last night. Both men were wounded severely.

Youngstown, O., Sept. 23.—The first trouble in connection with the steel strike in Youngstown came today when an unknown negro fired several times at members of the American Legion in uniform, who are protecting the residential districts of the city. No arrests have been made.

WASHINGTON, Sept. 23.—At the end of a four-hour attack on the League of Nations by Senator James A. Reed, Democrat, of Missouri, who has refused to stand with his party for unreserved ratification of the peace treaty, of which the league covenant is a part, the Senate galleries late yesterday started a demonstration that had to wear itself out, and then hissed violent disapproval when the cheering was condemned from the floor.

Youngstown, O., Sept. 23.—The first trouble in connection with the steel strike in Youngstown came today when an unknown negro fired several times at members of the American Legion in uniform, who are protecting the residential districts of the city. No arrests have been made.

OPEN WARFARE IS SMOLDERING IN THE BALKANS

Paris, Sept. 23.—American delegates to the peace conference expressed fears today that if Gabriel D'Annunzio carries out his threat to blow up the port of Fiume, the Jugoslavs will retaliate with force of arms and thus create a situation which may spread to open warfare throughout the Balkans.

The American delegates make it plain in all discussion that President Wilson's instructions regarding Fiume do not involve any backdown nor do they permit of a compromise unless it consists of internationalization of the port.

TRIAL OF KAISER AWAITS RATIFICATION OF PEACE TREATY

London, Sept. 23.—The exact time for the trial of the ex-kaiser will not be fixed until three of the allied powers ratify the peace treaty, according to the parliamentary lobbyist correspondent of the Daily Express today. Until that time, points out the writer, reported dates of the trial will be merely speculative.

ITALIAN KING CALLS LEADERS TO HOLD COUNCIL

Paris, Sept. 23.—King Victor Emanuel has summoned a council of the leading political leaders and the chiefs of the army and navy to consider the Fiume situation, said a dispatch from Rome today.

The convocation of the chamber of deputies has been postponed until Sept. 27, as a result of the uncertainty.

Three army officers—General Robilant, General Fabbri and General Etna, have been relieved of their commands. It is reported from Fiume that the troops under Captain Annunzio are prepared to "blow up the city rather than surrender it."

INNOCENT WOMAN KILLED IN RIOT

Butler, Pa., Sept. 23.—An innocent woman, the wife of a non-striking employee of the Standard Steel Car works was probably fatally wounded here early today when shots were fired through a window into the home of Michael Thompson. A small baby sleeping with the mother was uninjured and the husband, for whom the shots were intended, also escaped unscathed. Three bullets entered the woman's body.

State troopers arrested John Vargo a striker whom they asserted they found running away from the place.

MILLS IN PITTSBURGH DISTRICT ARE OPERATING IN SPITE OF THE STRIKE

Pittsburgh, Pa., Sept. 23.—Attended by sporadic outbreaks of disorder, the big steel strike swung into the second phase today with the iron and steel industries partly paralyzed.

Returns from the affected districts showed that while the immediate Pittsburgh district continued operations, other centers were seriously crippled and in many cases forced to shut down completely by the walkouts of the laborers.

Pittsburgh, Pa., Sept. 23.—After a night of incipient rioting in half dozen places in the Pittsburgh district, during which two persons were killed and eleven others suffered gunshot wounds, the situation in the strike areas was reported quiet this morning.

State troops, reinforced by special police and deputies, were everywhere in evidence in the mill towns, patrolling the streets and preventing anything which gave the appearance of crowds or congestion about the mill entrances or in the streets.

Youngstown, O., Sept. 23.—Following the dismissal of the 700 men who had appeared for work at the Ohio Works of the Carnegie Steel Company, and the blowing of the furnaces, steel workers realize today that the steel strike is to be a fight to the finish. The Ohio works' officials did not make any statement other than that there were not enough employees to carry on the work and then proceeded to "blow" the furnaces, which, steel men say, means that it is a case of "starving out the strikers."

Washington, Sept. 23.—The steel strike will be the first matter brought before the president's industrial conference, in the opinion of Samuel Compers, president of the American Federation of Labor.

This was disclosed today by Mr. Compers' associates, in discussing the personnel of the committee he has appointed to represent labor at the October 6 meeting. Before the conference can discuss plans for industrial peace, they contended, it must first take up the settlement of what may develop into the greatest industrial battle in the history of the country.

Compers' appointment of M. F. Tighe of the Amalgamated Association of Steel, Iron and Tin workers, one of the strike leaders, to sit as one of labor's representatives, was regarded as significant in view of the fact that President Wilson has invited Judge E. H. Gary, head of the United States Steel corporation, to take part in the conference as a representative of the public.

Another participant will be W. H. Johnston, president of the International Machinists Union, one of the unions involved in the steel strike. With the strikers' representatives will sit Samuel Compers and the other members of the executive council of the American Federation of Labor. In other words should the steel trust head accept the president's invitation he will find himself in a conference with representatives of the strikers whose position will be supported by the entire executive council of the American Federation of Labor.

Even the conservative leaders here now predict that the strike may assume such proportions as to paralyze industry throughout the country. They confirm the statements of the strike leaders that those of the 2,000,000 workers affiliated with the international unions involved who are not directly concerned will stand behind the strikers and that sympathetic strikes may be expected in every section of the country. Even the government may become a party to the strike, they believe, in that members of the railroad brotherhoods may refuse to move government controlled cars which carry ore and steel for the companies under the strikers' ban and boilermakers, machinists and other trades affiliated with the unions involved and workers in government shipyards may walk out.

To quote one American Federation of Labor official: "Labor is united in one mighty drive to destroy the power of the steel trust."

It is no secret that Samuel Compers has been dubious about the effectiveness of the strike. He was not inclined to trust the judgement of some of the strike leaders and listened skeptically to their estimates of the number of men who would walk out. The developments, however, have "surprised and pleased him," it was stated.

Today of the long journey was to be broken at Ogden late this afternoon. There the president was to leave the train, and accompanied by Mrs. Wilson and the members of his immediate party, participate in an automobile parade through the city. While no speech was scheduled, the president was expected to say a few words to the residents of Ogden.

One week from today the 10,000 mile journey is scheduled to end with the arrival in Washington of party. The president will stay there only three days, however, as he is to go to Hoboken personally to welcome King Albert of Belgium and Queen Elizabeth and escort them to the capital.

Yesterday and today have been spent speeding up and down the mountain barrier that separates the Pacific slope from the great western agricultural states.

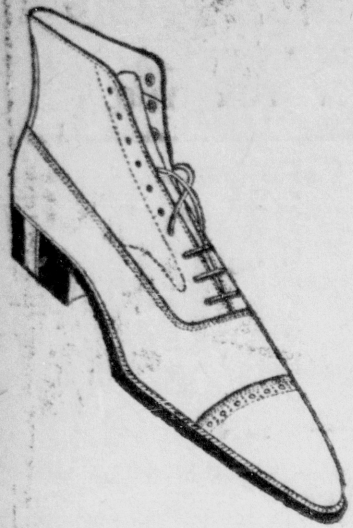

He was scheduled to make only one stop address today—at Salt Lake City, in the famous temple—but the mon-

XENIA CHOIR SINGS IN WILMINGTON

Thirty members of the choir of Christ Episcopal church motored to Wilmington Sunday afternoon and sang the Vesper service for the Episcopal congregation in that city of which the Rev. J. D. Herron has charge. The service was sung by the chorus with the exception of a duet sung by Mrs. Meda Gowdy and Mrs. C. W. Adair. Following the service the visitors were served refreshments at the home of a member of the congregation.

LITTLE HELEN WINS 2.17 TROT

Joe Hagler, well known Xenia driver won another race at Findlay last week, when he drove "Little Helen," the famous little trotter owned by William Watson, of Spring Valley, to a win in the 2.17 trot.

The Findlay meet ended Saturday with six races, three of them being held over from Friday because of rain on that day. Frank L. Johnson of this city, started the horses at Findlay.

WINTERS BANK DOUBLES BUSINESS

It is remarkable how modern invention and ingenuity, has accomplished the feat of doing in a few days what it took our fathers years to do.

This phrase can be applied to traveling messages or a hundred other utilities that seem common to us, but were unknown a few generations ago.

Advertising is a word that borders on the magic in its accomplishments with business of the present day, and in support of this claim, comes the Winters' National Bank, of Dayton, a banking institution known all over the country, with an announcement of the results of advertising that seem miraculous.

The Winters Bank, in the short period of six months, has accomplished the impossible by doubling the volume of business it had taken them 104 years to establish. After more than a century of service to the city of Dayton the bank moved its location, and in order that all patrons would follow to the new location at 40 North Main street, they immediately started an extensive advertising campaign in Dayton papers. The result was beyond all expectations and the business that it had taken over a century to build, was more than doubled in six months.

The experience of the Winters concern is an example to any live business house. Advertising is the modern magic lamp which, when rubbed in the right direction, produces the desired result.

What the Winters National did in Dayton any Xenia business concern can do here.

NEW JASPER

Mrs. Homer Rogers, who has been substituting in the New Jasper school as teacher since the resignation of Miss Shirk, has resigned and Mrs. Goldie Turner Stackhouse will now act as substitute teacher.

Mrs. J. W. LeVally spent the weekend with Dayton friends.

Mr. Otis Baughn and family, and Mr. and Mrs. Leon Mangan spent Sunday with John Shirk and family.

Miss Martha Stethem is spending several days with her sister, Miss Iva at the home of Mrs. Frank McClain.

Mr. and Mrs. Lee Carnes of Detroit, Mich., have been visiting relatives here.

Mr. Ralph Robinson has been the guest of his parents, Rev. and Mrs. J. V. Robinson.

Mrs. P. R. LeVally of Maysville, Okla., has returned home after spending several days here with relatives.

Mr. Lacey Craig has sold his "Gold Mine Farm" and will give possession March 1st.

EAST END NEWS

We, the members of Daniels Relief Corps thank the Xenia Stemmyery for flowers and Rev. William Williams for his consoling words and also to J. C. Johnson for his efficient services at the funeral of Sister Eliza Hedger.

Mrs. Eunice Taylor gave a surprise party honoring her mother, Mrs. Sarah Spann, of Wrightsville, Ga., and sister, of Orlando, Fla. The Jazz Orchestra of five pieces furnished excellent music. A refreshment course was served.

Mrs. Magnolia Lytle, son Robert, daughter, Miss Magnolia Hummons, and her mother, Mrs. Mary E. Beckley, left this morning for Nashville, Tenn. Mrs. Lytle has been employed as a teacher of Domestic Art in Roger Williams University. Her daughter will take a course in Social Service work at Fisk University. Her son and mother will board together and he will attend the public school. They leave with the best wishes of their many friends for success in their labors.

Prof. B. F. Lee, Jr., delivered a very interesting and instructive address at St. John's A. M. E. church Sunday night. His address was very optimistic and his narrative of his experiences of a Y. M. C. A. Secretary held his auditors spellbound. He will supplement his address at St. John's church Thursday night and will exhibit and explain a large collection of war relics which he brought home with him. A small admission fee of 10c will be charged and refreshments will be served.

St. John's A. M. E. choir practice will be held Wednesday night after prayer meeting. Every member is urged to be present.

Making a purely vegetable Medicine

1875—1919

In 1875, Lydia E. Pinkham of Lynn, Mass., gathered and dried the roots and herbs which she used in the now famous Lydia E. Pinkham's Vegetable Compound, from the fields and forests, — then steeped them on her kitchen stove and filled a few bottles at a time, to alleviate the suffering of her women friends, neighbors and acquaintances, and the success of this medicine was unparalleled.

After 44 Years

These illustrations show the present method by which vast quantities of this well-known remedy are produced and from exactly the same kind of roots and herbs used by Mrs. Pinkham in the beginning.

First—The various herbs used are of the finest quality, and gathered at the time their medicinal strength is the highest.

Second—After the herbs are properly ground and mixed, the medicinal properties are extracted by soaking in large stone jars, covered.

Third—Then the extract is drained through percolators, acting somewhat like a coffee percolator.

Fourth—To insure a thoroughly pure medicine, it is carefully pasteurized by heat in special apparatus, and bottled hot.

Throughout the entire process, from the crude herb to the finished medicine in bottle, cleanliness and exactness are the watch-words.

The Reliability of Testimonials Guaranteed

The testimonials published by the Lydia E. Pinkham Medicine Company come to them unsolicited. Never knowingly have they published an untruthful letter, never is a letter published without the written consent of the writer. The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness. It is easy to realize how these poor, suffering women feel when restored to health; and their keen desire to help other women who are suffering as they did.

TREAT SEED WHEAT TO PREVENT SMUT

Many localities in Greene county
have been bothered with a stinking
smut this year according to a state-
ment given out by County Agent Ford
S. Prince this morning. Many
farmers had smut for the first time,
either because they grew smutty
wheat last year or because their
wheat became contaminated with

smut spores in the threshing ma-
chine.

As high as twenty-five heads out of
a hundred were found to be smutty
in some fields, and wheat which is so
badly smutted is not fit for seed.
Where there is only a small amount
of smut it can be controlled by the
formaldehyde treatment which fol-
lows:

"The formaldehyde solution is made
by stirring one pint of formaldehyde
in forty gallons of water. This will
treat about fifty bushels of grain. In
the sprinkling method the wheat is
spread out in a thin layer and
sprinkled with the solution while be-
ing shoveled over and thoroughly
mixed so that all the kernels are
made fairly wet. It is then piled up
and covered with canvas or blankets
for two hours, then spread out again
and stirred occasionally to hasten dry-
ing.

Treated grain should be sown as
soon as possible, by all means within
twenty-four hours, or a poor stand is
likely to result. Treat in small lots
only—not more than can be sown in a
day. If this is done in the evening,
sowing can begin early the next morn-
ing. Another plan is to treat in the
evening what can be planted the fol-
lowing forenoon and in the morning
what can be sown in the afternoon."

Before treating the wheat should be
thoroughly screened. The formalde-
hyde treatment will help control
wheat scab, but is not a complete
control. Loose smut or "Blackheads"
can not be controlled by the formalde-
hyde treatment. For further infor-
mation call upon the county agent.

Big Type Poland China Hog Sale

My first sale of Big Type Poland Chinas will be held at
my residence three miles north of Wilmington on

Tuesday, September 30, 1919

near Center Church.

This offering consists of about forty head
10 Spring Boars, 10 Spring Gilts (immured)
Pedigrees furnished
20 High Grade, 2 year-old Sows with litters
by their side.

These spring boars and gilts are sired by Highland
Giant, The Gladiator, Mountain Giants Orange, Leonard's
Chief.

GALLOWAY & CHERRY

MINERS GO ON STRIKE IN SYMPATHY WITH STEEL MEN

Johnstown, Pa., Sept. 23.—On top
of the steel strike which has thrown
more than 15,000 men out of work in
Johnstown, is facing serious trouble in
other lines of industry. Nearly 2,000
independent coal miners were not
working today in sympathy with the
steel men and two raditor works and
a local manufacturing company have
suspended temporarily. A sympathet-
ic strike of building trades men is ru-
mored, but officials of the trades union
deny such a move is contemplated.
Hundreds of foreigners have left
Johnstown for other cities because of
the strike.

The Cambria Steel company was
paying off its striking men today and
a long shut down was promised.

"WONDERFUL" MRS. NICHOLS FIRM OPINION

"I'm Better and Strong-
er In Every Way, Since
Taking Trutona,"
She Declares

Portsmouth, Ohio, Sept. 22—"It's
wonderful," was the brief yet con-
vincing manner in which Laura
Nichols, 44 years old, of 517 Seventh
street, Portsmouth, recently expressed
her high regard for Trutona, the
perfect tonic.

"I had been suffering from a nerv-
ous trouble for the past five years,"
she said. "My stomach was out of
shape, too. My appetite was poor
and I was usually in a constipated
condition. For the past two or three
months I haven't eaten hardly enough
to keep a bird alive."

"The good I've derived from Tru-
tona in the short time that I've been
using the medicine is simply wonder-
ful. Why, I haven't experienced one
of my nervous spells since I began
using Trutona. As for my appetite—
I can eat anything now and I enjoy
the food more than I have for some
time. In short I feel better and
stronger in every way now. I think
Trutona is a wonderful medicine and
I can recommend it to anyone trou-
bled as I was and feel sure it will
help them."

Trutona is especially beneficial for
stomach, liver and bowel troubles,
catarrhal complaints, nervousness,
sleeplessness, loss of appetite and the
like and has proven an almost un-
failing reconstructive tonic for over-
coming after effects of pneumonia,
influenza, deep cold and the like.

Trutona is now being introduced
and explained in Xenia at Sayre &
Hemphill's. adv

DELCO-LIGHT was designed and built by men who
were raised in farm homes—who experienced the dis-
comforts and inconveniences of farm life—and who set out
deliberately years ago to develop an electric plant that
would provide city advantages for rural communities.

They were the same men whose engineering talent had
made DELCO Starting, Lighting and Ignition Equip-
ment for automobiles the standard of the world—

They knew electricity—and they knew the needs and
limitations of farm life—

They knew that an electric plant to give service in a
farm home must be simple, so that it would not get out
of order and require complicated repairs—

It must be easily operated and require little attention—

It must be very economical in operation—

It must be built to stand hard usage and it must last
indefinitely—

It required five years to develop a plant that would
measure up to these specifications.

There were five years of hard engineering effort back of
DELCO-LIGHT before the first plant was put on the
market three and a half years ago.

Today DELCO-LIGHT is furnishing the conveniences
and comforts of electricity to more than Seventy-five
Thousand farm homes.

It is providing an abundance of clean, bright, econom-
ical electric light for these homes. It is furnishing power
to pump water, operate washing machine, churn, sep-
arator, vacuum cleaner, electric iron, milking machine,
and other small machinery.

And everywhere it is demonstrating its wonderful efficien-
cy—and actually paying for itself in time and labor saved.

SUPPOSE WE DO NOT RATIFY THE TREATY, WHAT THEN?

America has fought and won another Chateau Thierry. In the judgment of Mr. Herbert Hoover, who was the captain-general of this new campaign and who knows more about it, its tasks and its achievement than any living man, America has, since the armistice, saved Europe for a second time.

From the armistice to this year's harvest, says Mr. Hoover, there has been furnished more than \$2,250,000,000 worth of supplies, the majority of which has been given freely upon the undertaking of the assisted governments of repayment at some future date. There has been no demand of special security; no political or economic privileges have been sought. It may be years before we receive any return from these loans; but if that period should never come, the American people, by this second intervention in Europe, have saved civilization, and have done so with no thought to the burden or cost to themselves.

Now Europe will certainly never be able to repay this money if it does not get steadied down to hard work and industrially organized once more under the secure shadow of settled peace. And Mr. Hoover is in no doubt as to how that absolutely necessary peace is to be brought about and preserved. He says that "if the world cannot quickly secure the settlement of peace and safeguards for the future through the League the whole of our two great interventions in Europe will have gone for nothing and the menace of reaction will again return against us upon the wings of chaos."

There is, in a word, the case for the League of Nations. What bottomless and amazing folly it is for some American statesmen to talk as if we need not worry over the condition of Europe when in the last ten months the need of that same Europe for food and supplies compelled this nation to venture \$2,250,000,000! We cannot cut ourselves free from responsibility for the condition of Europe. If they have anarchy there and look like starving—not to death, but into Bolshevism or reaction—we must in self-defense intervene to prevent this all-menacing disaster.

If we do not enter the proposed League of Nations for that purpose, then we are bound to enter Europe for that purpose without the League. We did so when we sent our boys to die in France, and we did so again when we sent our dollars to fight "a famine like of which," says Mr. Hoover, "has not been seen since the Thirty Years' War, when a third of the population died of starvation."

DEMAGOGISM—STIRRING UP EVIL INFLUENCES.

The senatorial opposition to the peace treaty has developed one sinister feature which is daily becoming more evident. By the very logic of the situation extremists like Knox, Borah and Johnson are being driven into more or less open attack upon our great allies, Great Britain and France. We are gravely told that we escaped from George III only to be reconquered by George V. There is a great hubbub over "Britain's six votes"—a lying distortion of the treaty, by the way. At Senator Johnson's St. Louis meeting the mention of Great Britain is hissed. As a natural corollary of this course of the opposing senators, every evil influence in the land is lining up with them against the treaty. Every surly pro-German, every malignant Sinn Feiner, every incendiary Bolshevik, is ranting against ratification. Appeal is being constantly made to "avoid entangling alliances" and to an utterly insincere and sordid selfishness to evade "burdenome obligations."

Many see some defects in the treaty and the covenant and do not expect an immediate millennium from either or both of them. At the same time, we believe that they represent the best thought and the best hope of the

world today and that they should be accepted by us in full faith that our noble allies will gladly join with us in amending such faults as future experience may develop.

WATER WORKS QUESTION BOX

This question box is being conducted by the Newspaper Publicity Committee for the purpose of answering various questions that are asked regarding the purchase of the Water Works plant. The questions are answered by the committee.

Publicity Committee:
I don't question—in fact, I don't think anybody who has had to drink our present water, questions the advisability of the public taking over the water supply and obtaining pure water. But there is one question in my mind in regard to the proposed transaction.

I should like to know just what the water works stockholders are getting out of the proposed purchase price? If the sale is made and the money is divided between them how much will it make their stock worth, and how much have they been earning on their stock in the past?

Committee's Reply:
Most of the stock holders in the Water Works Company are citizens of Xenia, and the proposed purchase price will pay them 50c or less on the dollar for their stock. Unlike practically every other service corporation dealing in a public utility for which a franchise was obtained as long ago as the water works franchise was secured, this stock has not increased in value. In fact it has been a white elephant on the hands of the stockholders. The stock has not paid dividends for more than four years, and it was the company's complaint of this condition to the Public Utilities Commission which resulted in the Public Utilities Commission granting them the recently increased rates.

The proposed increase would make the stock pay about 6 per cent rate on the investment, but in granting this dividend the Public Utilities is doing so at the expense of the consumers of water, and the expense of the taxpayers who will have to dig up the money to take care of \$15,000 annually required for fire protection.

Nobody knows where the city is going to get the money to pay this additional cost of its water for fire protection. At the present time it means that the city is going in debt at the rate of \$25 a day which soon means a bankrupt city. The fire insurance companies are watching the city, and in addition to being bankrupt, we are confronted with the menace of increased insurance rates.

There is only one solution, and that is for the city to take over the present plant and pump pure water from new wells and furnish water for fire protection free of charge.

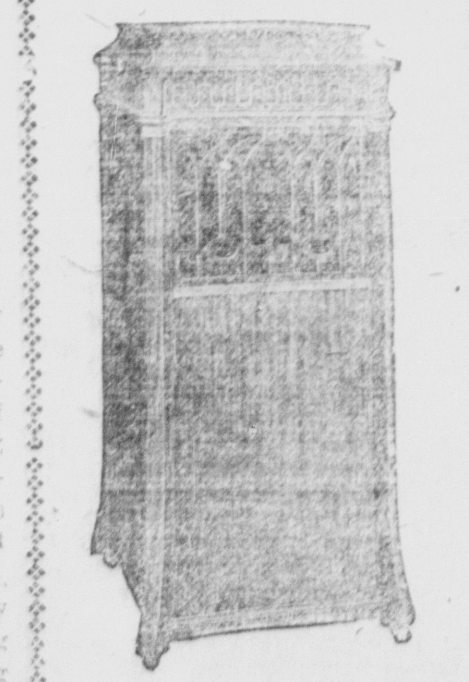

It has been definitely shown that this can be done without increasing the rates to private consumers as the city would not have stockholders' dividends to pay, and if some wasteful expense involved in the old steam-operated pumping plants were eliminated. At least half of the power expense could be saved by installing electrically operated equipment.

Publicity Committee:
Gentlemen:—As a citizen and reader of your paper I should like to know if it isn't true that the proposed bond issue to purchase the water works plant will not increase our tax rate? Please let us know what effect the proposed bond issue will have upon taxation in this city?

Committee Reply:—The proposed bond issue positively will NOT increase taxation. To the contrary, it will effect a very material reduction

Before Buying, Hear

The NEW EDISON
"The Phonograph With a Soul"

EDISON DIAMOND DISC RE-CREATION RECORDS
J. A. Beatty & Son
"Dependable Furniture"

in the operating expenses of the city. One of the factors contributing to our present rate of taxation is the money we have to pay out for the city's use of water. This money goes in part to compensate the stockholders in the water works company for their investment. Under public ownership the city contemplates it will derive its revenues for taking care of the interest amortization of the bonds from the PRIVATE consumption of water, just as the water company is now doing. But the water used by the general public in common—for fire protection—which now involves expense and additional taxation will be entirely eliminated, as the water supply for municipal purposes will be furnished free of charge. The only difference will be that under city control, there will be no stockholders' dividends, and the present old wells will be abandoned, and the supply obtained from a new source.

READERS COLUMN
Editor Gazette and Republican:
I have noticed in the paper at different times the question being asked "If Xenia People are in favor of the enforcement of the speed laws," undoubtedly I would say, yes. Shame on any Xenian who would not want them enforced. There isn't a day but that we read of lives being sacrificed by fast driving and it is wholly uncalled for.

Xenia Citizen.

COURT DISSOLVES SCHMIDT INJUNCTION

In order to prevent the Bake Rite Shop being hampered in proceeding with the work preparatory to commencing business, Judge C. H. Kyle yesterday dissolved the temporary injunction allowed C. H. Neal, proprietor of the Grand Hotel, against H. E. Schmidt. Until the case is finally adjudicated, the court ordered that the Bake Rite company should pay its rental of \$75 a month into the hands of the clerk of the courts, and in the meantime the company can proceed with its business.

Mr. Schmidt, owner of the Grand Hotel building, rented the room in that building formerly occupied by A. E. Brundage's cafe, to the Bake Rite company. Mr. Neal claimed that the rental was in violation of his lease on the building, and brought injunction proceedings. At the hearing Monday, Mr. Schmidt and his son, Ernest, both testified that Mr. Neal surren-

dered the key of the room to them after it had been vacated by Mr. Brundage. Mr. Neal denied this assertion and declared that the key had been obtained surreptitiously.

SHALL STATE OF OHIO REMAIN DRY

People have not yet quit talking about what a glorious day was the Xenia—Home Coming celebration on Labor Day. All classes have remarked again and again about its success, unmarred by quarrel or friction of any kind. And without exception it has been recognized that such a celebration would have been impossible with hundred evidences of the benefit of the open saloon. This is but one of a prohibition.

Now after only a few months of

When You Know

you have a heart, it is time to watch your stomach. Palpitation and other signs of "heart trouble" usually mean indigestion, produced by food poisons that irritate every part of the body—heart included.

ADAIR'S
THE LEADING HOME FURNISHER FOR OVER THIRTY YEARS

The Cheerful Glow of a Fire-Place
—without the smoke, and soot, and dirt; the heating power of a furnace—without the high cost of installation and maintenance; the convenience of a gas heater—without the usual inefficiency; there in a nutshell, you have a description of the original

Estate Triple Effect

This wonderful natural gas heater combines the good features of all old heating methods, and settles forever the question of what fuel to use in heating your home.

Incandescent fuel in the fire-box of the Estate Triple Effect throws a glow from the fire equal to that produced by any fire-place or hard-coal base burner; the radiating and reflecting surfaces are larger and more effective than you will find in any other gas heater; and the patented hot-air chamber and discharge flues produce a powerful circulation of hot air that will heat all the rooms of the average-size house—upstairs and downstairs—more effectively than a furnace, and at approximately half the fuel cost.

The Estate Triple Effect is made in three sizes—with three, five, and seven hot-air pipes. Let us know how many rooms you want to heat, and we'll prescribe the size best suited to your requirements.

LOOK OUT FOR IMITATIONS!
There are many of them. The original and only genuine "Triple Effect" is patented and made only by The Estate Stove Co., at Hamilton, O., and sold exclusively by us.

Ask for a copy of our booklet—"The Best Way to Heat Your Home," it's full of interesting information which YOU ought to have.

"A Safe Place to Trade"

A Woman's Message to Women

CINCINNATI, OHIO.

"When I received your generous trial treatment, I was run-down, almost a wreck, could scarcely stay up to do my work. I had little interest in life, was irritable beyond control; but believe me when I say your treatment gave relief at once, and now I feel like a new woman. The terrible pains in my side and the heavy dragging-down feeling are all gone. I honestly believe I was saved from an operation. Mrs. Summers' Opioline Remedy is truly a Godsend to suffering women. Please print this if it will lead any sufferer to recovery."

MRS. T. G. CARTER, 3605 Russell Ave.

DETROIT, MICH.

"Six months ago I wrote for a sample of Mrs. Summers' Opioline treatment. I had spent hundreds of dollars seeking health, before I overcame my prejudice to advertised medicines and used your remedy. I was just at the point of having an operation, as I was in terrible shape from not having proper care after confinement. I ordered six boxes of your treatment, and today I am a well woman, can do my work and enjoy myself. Words cannot express my gratitude. Use my letter wherever you wish, as I am convinced there is nothing in the world like the Opioline treatment."

MRS. CHARLES LENTZ, 818 Sheridan Street.

Only A Woman Knows A Woman's Trials and Understands Her Need of Sympathy and Help. That is why hundreds of women gladly testify to the value of Mrs. Summers' popular Opioline Home Treatment in relieving so much of the misery and suffering known only to womanhood. READER, if you are troubled with some of those special ailments of women—

SEND FOR A FREE TEN DAYS' TREATMENT

with illustrated, descriptive copy of "Woman's Own Medical Adviser." Yes, Mrs. Summers' Opioline Remedy for yourself, in your home, without the knowledge or aid of anyone. You can then continue it if you wish, at about 12c a week. For twenty-five years women reported it satisfactory, and often superior to vegetable tonics and compounds. Used by old and young and does not interfere with daily work. Write in confidence, as your letter is opened, read and answered by a woman. NOT SAFE YET TO SOW WHEAT

A few farmers seem to be in a hurry about seeding wheat. On account of the fly situation it is not safe to seed wheat. Early planted wheat is sure to be attacked by the fly and an early seeded field becomes a menace to all the wheat in the community.

Any farmer who seeds wheat early this year is taking bushels of wheat from his neighbors crop next year. Every Greene county farmer should be public spirited enough to recognize this and delay seeding until the date is safe to avoid fly.

The Doing of It.

No honest work can degrade us; only the way in which we perform it can do that. The humblest task, well and painstakingly accomplished, is honorable. The highest undertaking, carelessly and poorly pushed through, is a disgrace to its doer.

SANDRA THE JEALOUS

BY JANE PHELPS.

CHAPTER LXXIV.

The sort of unholy joy I had felt at the idea of being like Leola, was short-lived. In the morning after Everett had gone, I wandered into his room. To my astonishment he had not referred to the night before in any way. It made me feel queerly uneasy.

His dinner clothes were lying upon a chair. I suddenly wondered what he had in his pockets; if he had left his keys. I had not forgotten my determination to look at the contents of that black trunk in the attic. But so much had happened that I had not been able to plan anything.

I did not find the keys, but I did find a note, from Irma Barton, which I shamelessly read. It had been sent to his club.

"Dear Everett: 'You told me you were to be at the club tonight so I am taking the chance of your getting this note there. I have something to tell you; then I want to talk about what you mentioned the other night. I think you are worrying unnecessarily. She is very young, and appears very innocent. I know your experience has been a sad one, but I am sure will not be repeated. Perhaps I can help you dear friend, although none of us like advice! Whether I can or not, I long to see you. Come as early as you can—Irma.'"

How did she know he was going to the club the night before? I, his wife, knew nothing of his intention. Did he tell her every time he went out so that she would know where to find him? Was she referring to me? Was I the young and innocent person she spoke of? It was humiliating and something else. It looked as if Everett cared more for her than for me—as I always had feared. He told her where he went, consulted her about things that worried him—perhaps about me. Yes, I was sure he meant me. And his sad experience she spoke of must have meant his first marriage—Leola. But if he cared so much for Irma Barton, her advice, her society, why in the world had he married me?

The gossips were right. It was because I was young and he longed for a family. I tightened my lips as I folded the note and returned it to his pocket. Then I put on my hat and went over to the hospital to inquire about Thomas, my heart sore, my eyes burning because I thought once more that Everett cared nothing for me and because Irma Barton was clever and beautiful, he spent his time with her, confided to her more than to me. My jealousy flamed as I walked along. I had refused to take the car when Mrs. Gray suggested it. I wanted to walk—the exercise would calm me, and also give me time to think.

Everett had not scolded me the night before. He had been angry. I knew, but had not given it vent in words as he usually did. Was I getting on a little in the path I had laid out—to follow Leola? If I only could keep on, perhaps in time he could love me as he had the fascinating

Leola. I had decided, just as I reached the hospital.

Thomas was doing nicely, would soon be out. After chatting with him a moment, I left and as I was very near the shops, I went into one to do an errand. I was startled when a cheery voice said:

"Good morning, Mrs. Graham."

It was Irma Barton, the woman whom I had decided my husband loved.

"Good morning," I replied shortly. "This is fortunate. I was intending to drop in and see you this morning."

"Yes,"—then fearful she might think me ill at ease, I added: "I have been to the hospital to see Thomas."

"Yes, I know. Everett told me all about it."

My face flamed as I turned to speak to the saleswoman. That she dared to call my husband by his first name and in that tone, was almost more than I could bear.

"Will you lunch with me, now that I cannot call upon you?" she asked when I had finished my purchase. "I wish you would, I want to tell you something, talk to you." She had said the same to Everett. Suddenly I made up my mind. I would go, and I would ask her all about Everett's first wife. I would not let her patronize me—I would go to satisfy my own curiosity. So I said not too graciously:

"I have to lunch somewhere, so I will."

Tomorrow—Irma Barton Tells Sandra of Leola.

NEARLY 300,000 STEEL WORKERS ARE OUT ON STRIKE

Pittsburgh, Pa., Sept. 23.—William Z. Foster, secretary of the steel strikers national committee gave out figures at strike headquarters here today, asserting that 269,000 steel workers throughout the country went on strike yesterday.

Foster's figures were as follows:

Chicago	60,000.	Cleveland	30,000.
Youngstown (including Sharon-Farrell district)	50,000.	Buffalo	12,000.
Johnston	15,000.	Homestead, Pa.	9,000.
Braddock, Pa.	5,000.	Rankin, Pa.	3,000.
Clairton, Pa.	4,000.	Monessen and Donora, Pa.	12,000.
Wheeling, W. Va.	15,000.	Steubenville, Ohio	6,000.
Pueblo, Colo.	6,000.	Cottsville, Pa.	4,000.
McKeesport, Pa.	12,000.	Duquesne, Pa.	12,000.
Pittsburgh	15,000.	Vandergrift, Pa.	40,000.
Lockburg, Pa.	2,000.	Brackenridge, Pa.	5,000.

CLASSIFIED ADS. WORK WHILE YOU SLEEP.

How Fat Folks May Become Thin

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same—lack of oxygen carrying power of the blood. This trouble occurs mostly in men and women over thirty, but it may be easily treated and without any of the privations most fat people imagine necessary to reduce their weight. Simply go to your druggist and get a box of Phynola. Take five grains after each meal and at bedtime, wonderful results should be quickly accomplished by this simple treatment. Be sure however you get the genuine Phynola. It is put up in original sealed packages, is pleasant to take and gives prompt results. Sayre and Hemphill or any drug store can supply you.

GOITRE REMOVED

Urbana, Ohio, Man Has Wonderful Experience With External Remedy.

Mr. H. M. Dudley, 121 South Kenton street, Urbana, Ohio, says in his own home paper, the Urbana Citizen: "Sorbol-Quadruple removed a large goitre from me six months ago. It was so large that I could not wear a collar. It hurt me so badly I could hardly sleep. It would choke and smother me. Two bottles of Sorbol-Quadruple completely removed it. I can now breathe freely and sleep well. I am willing to tell any one my experience, even by letter."

Sorbol-Quadruple comes in small bottles, containing enough for most cases. It will not stain or irritate the skin. Requires ten minutes daily.

Get further information at Sayre and Hemphill and drug stores everywhere, or write Sorbol Co., Mechanicsburg, Ohio.

Note:—It would be illegal to publish the above statements if they were not true.

Can You Doubt It?

When the Proof Can Be So Easily Investigated.

When so many grateful citizens of Xenia testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of Xenia says about Doan's Kidney Pills. Can you doubt more?

"I am a retired farmer, 109 W. Second St., says: 'I was greatly annoyed by the way my kidneys acted and the secretions showed that my kidneys were out of order. There was a dull, heavy feeling right across the small of my back. Doan's Kidney Pills relieved me in a short time and I was soon perfectly well again. Several times since, I have used Doan's and they have always brought me quick relief.'"

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Poland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

N. L. STEAR HAS
CONCLUDED HIS
WORK IN XENIA

N. L. Stear, member of the American City Bureau team that organized Xenia's new Chamber of Commerce, left Saturday night for the Chicago office.

Mr. Stear was a Lieutenant in the Infantry and formerly Battalion Adjutant in the 48th Inf., of the 37th Division, becoming connected with the American City Bureau since his discharge last spring. He assisted D. E. Weigle and George W. Hanley in the organization campaign here and made many friends who regretted his departure. Mr. Stear will probably get an assignment from the Chicago office to another campaign, immediately.

E. D. Leaf, member of the installation staff of the American City Bureau, arrived Monday morning to assist Mr. Hanley in the installation work that will occupy the organization crew from now on. He will be here a week or more.

MAN AGED 58
WANTS TO ENTER
THE HIGH SCHOOL

Cambridge, Mass., Sept. 23.—A subcommittee of teachers will decide whether Ulysses Grant Houston, aged 58 years, shall be admitted as a pupil to the Cambridge latin high school. Houston told the school committee he wanted to be prepared for Harvard university. His ambition was praised, especially by seven women members of the board, but some members doubted the effect of a 58 year old pupil on the younger boys and girls in the public school.

LOCAL ITEMS

"Select Dances" classes 8 to 10 o'clock Wednesday, K. of P. hall. Mrs. Kohl teacher. 9-23-24

The Messenger Society of Friends church which was to have been held at the home of Mrs. Dakin, Rogers St., has been postponed. All members please take notice. Secretary.

Children's dancing class 4 o'clock Monday afternoon, K. of P. hall. Mrs. Kohl, teacher. adv-9-19

Mrs. L. C. Casttadder, of Jonesboro, Ark., is visiting relatives in this city. She came to see her father, Thomas Nichols, who recently submitted to a serious operation at the McClellan hospital. Mr. Nichols' condition is very good following the surgery.

GET IT AT DONGES.

Mr. and Mrs. Charles D. Snider and their daughters, Mrs. James Thornton, and Dorothy Snyder, expect to go to Miami, Fla., the first of November to spend the winter.

Wanted—Licensee fireman for night watchman. Apply American Cigar Co., West Second St., Xenia. adv-9-15-16

Mr. and Mrs. William Hilliard are proud parents of a baby girl, born Sunday. She has been named Rosetta May.

Wanted—Men, Eavey and Company 9-23

Miss Hannah Dugan of Indianapolis, is the guest of Miss Alice McCaeny.

Mr. and Mrs. F. L. Stebbins of Dayton, are guests for a few days of Mr. and Mrs. C. E. Arbogast and Mrs. Elizabeth Whittington. They stopped here while on a motoring trip.

Dr. H. C. Messenger performed an operation yesterday upon Walter Purdum, for removal of tonsils and adenoids.

Farm For Sale—A very nice farm, located 3-1/2 miles from Xenia, near Union church, belonging to John Reed and heirs of Isabelle Reed, will be sold at public auction, by the sheriff, in partition, Saturday, Sept. 27, at 10 a. m. at the west door of the court house. For information see Attorneys E. D. Smith and W. L. Miller. L. Funderburg, Sheriff. adv-9-26

Mr. and Mrs. A. C. Luttrell and family of the Lower Bellbrook pike, are moving to Winchester, Va., to make their home. They left Xenia, Tuesday.

Miss Alma Babb will enter the University of Chicago next week to take a course in business efficiency. She expects to go to Chicago the last of this week.

Mr. and Mrs. O. L. Smith of Cedarville arrived home Tuesday morning from Chicago. Mr. Smith spent two weeks at Mackinac, Mich., and Mrs. Smith joined him in Chicago, where they spent a week.

Mrs. A. C. and H. C. Messenger and Dr. Paul D. Espey are among the physicians attending the Medical Chautauqua which is being held in Dayton Monday, Tuesday and Wednesday, and at which several famous doctors are speakers.

Halford Conwell has arrived home from Wheeling, W. Va., where he was employed during the summer, and is preparing to return to Cincinnati, to resume his studies at the College of Medicine. He will enter his third year at the college.

WEATHER REPORT

Ohio:—Fair tonight and Wednesday; little change in temperature.

—Prayer meeting at the First M. E. Church Wednesday evening at 7:30. The new pastor will be present. The teachers of the Sunday school will meet for a short session at the close of prayer meeting.

The Ladies Aid of Caesareeek Baptist church will have a market at the Squire's office in Jamestown, Saturday, Sept. 27th. adv-9-23

—The members of the Friends church will please note that Wednesday is the time for the Monthly meeting.

—The Mothers' Circle of the Central Building will meet Wednesday afternoon at 3:30 p. m. to which all the ladies are urged to be present. Supt. Waltz will address the meeting and there will be an election of officers.

Charles Rankin, track foreman at the D. & X., suffered a painful injury Saturday afternoon, when he was struck on the hand by a piece of flying tin thrown from a window of the factory near the car barns by an employee. Mr. Rankin was brought to Xenia on the car and met by Dr. C. G. McPherson who dressed the injury at his office. It required several stitches, the tendon being severed.

Rubber tires put on, H. T. Confer, Whiteman St., The Yellow Front. 9-25

The funeral of W. D. Johnson will be held Wednesday afternoon at 2 o'clock at the home of Leon Reed in Yellow Springs.

The Electrical business conducted under the firm name of Bayliff and Harner has been taken over by Roy Bayliff and will continue in business under the name of Roy Bayliff. adv-9-23

J. W. Cully, owner of a stolen automobile which was abandoned on North King street early Sunday, came to Xenia Monday afternoon and the car was turned over to him by Sheriff Funderburg. The machine was taken in charge Sunday forenoon by Deputy Sheriff George A. Biech, who learned the ownership, and notified Mr. Cully that the machine was in this city.

Mr. and Mrs. Wm. Hilliard, of Miller Ave., are the proud parents of a 9 lb. baby girl, born Sunday. The baby has been named Rosetta Mae.

Mr. and Mrs. Wm. McKinney received word from their son Warren, that he has arrived in Camp Merritt, N. J., from overseas.

Mr. and Mrs. J. I. Wolf, of Narka, Kas., who have been visiting relatives here since Saturday, will leave for their home on Thursday. They expect to stop over in Lagonier, Ind., and Mount Pleasant, Iowa, to visit relatives.

Mrs. R. G. Fay started Tuesday morning for Kansas City, where she will visit with her three brothers and their families.

Miss Laura Sturgis, of Tippecanoe City, is the guest of Mrs. Karl Babb, of East Second street. Miss Sturgis is the fiancée of City Auditor Hivling Stokes.

RESENTED ARRIVAL
BABY AND TRIES TO
KILL HIS MOTHER

Newark, O., Sept. 23.—Because of the arrival of a baby brother at his home last Sunday, which he resented, John Evans, aged 12, armed with a revolver and a knife made a desperate effort this morning to murder his mother. He wounded her slightly with the knife before he was overpowered. The lad's father was murdered at the Wehrle plant here last March.

DELIGHTFUL EVENT
AT BAXLEY HOME

Mrs. F. E. Baxley and her daughters-in-law, Mrs. William E. Baxley, and Mrs. O. M. Baxley, received at the home of Mrs. Baxley, Sr., and Mrs. William E. Baxley, on South Detroit street, Friday evening, honoring the former's sister, Mrs. J. W. Spahr, of Beatrice, Neb., Mrs. M. F. Barrows and Miss Glenna Barrows, the mother and sister of Mrs. W. E. Baxley, who are soon to go to Florida to live, and Mrs. Samuel Avey and Miss Murriel Avey, of Beatrice, Neb., were also honored guests.

Fifty persons enjoyed the hospitality of the Baxley home, which was decked in autumn flowers, red and brown being the prevailing tones. During the evening a short musical program was given. Miss Sarah Avey of Dayton, and Miss Murriel Avey of Beatrice, Neb., rendered several piano numbers, and Miss Glenna Barrows, whose voice is among the loveliest of Xenia's singers, sang. Mrs. Spahr, one of the honor guests, pleased very much with her reading of several selections.

A refreshment course was served.

Dr. and Mrs. John M. Deam, of Dayton, spent Monday with Mrs. Estella Holt, of East Main street. Mrs. Holt arrived home a few days ago after spending two months on a visit with relatives in Danville and Paris, Ill.

The Rev. Charles Bennett, new pastor of the First Methodist Episcopal church, and his family are now occupying the parsonage on West Market street. Mrs. A. J. Kestle and her infant daughter, will be temporarily at the home of her father, J. T. Charters.

"BAYER CROSS" ON
GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve headache, toothache, earache, neuralgia, colds and pain. Handy tin box of 12 tablets cost but a few cents at drug stores—larger package also. Aspirin is the trade mark of Bayer Manufacture of Mononuclearic acid of Salicylic acid. adv

PESKY BED BUGS

A MILLION BEDBUGS. Just think, a 35c package of the new golden chemical P. D. Q. (Pesky Devils Quicker), is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be, where they came from, their age, color or sex, and at the same time leaves a coating on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35-cent package makes a quart of P. D. Q. and will go farther than a barrel of old-fashioned bug killer.

For sale by D. D. Jones and Sayre and Hemphill.

FOR MEN WHO WORK HARD.

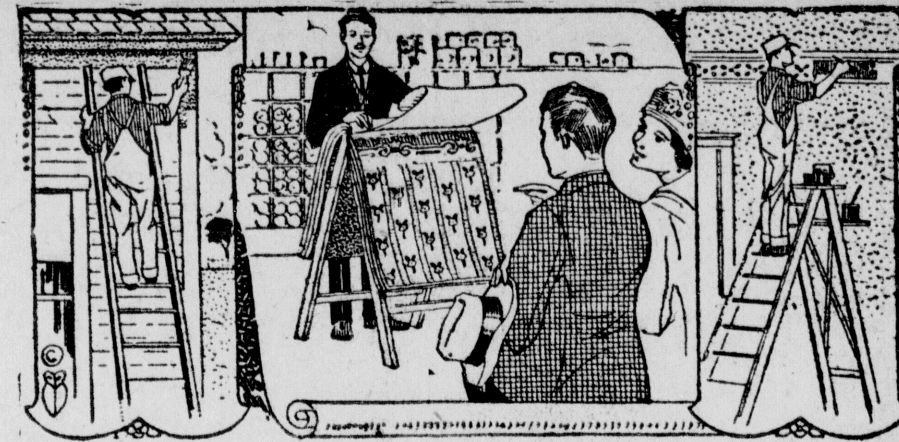

Men who work at hard physical labor are subject to kidney trouble. J. G. Wolf, 734 S. Jackson St., Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache that bothered me for several months. A few bottles fixed me up in good shape." They also relieve bladder and urinary ailments. Sayre and Hemphill.

Wounds From Rusty
Nails Dangerous

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand.

Dean McKillip, well-known farmer of Clark Co., Ohio, says. "I stepped on a rusty nail which extended halfway through my foot. I applied Houstonia to the wound and bandaged the foot. In a short time the pain got easier. After five days I did not limp and the wound healed nicely. People who use Houstonia for such injuries do not need to fear blood poisoning."

Houstonia (The Original Jones' Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist, 25c, 50c and \$1.00 sizes. Be sure you get the genuine House-tone-ah with Dr. Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, Ohio. adv

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be,
No matter how distressing or humiliating—
Its intensity can be reduced to a harmless, mildness."

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcine into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcine in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

CAPTURED AFTER EVADING POLICE FOR ENTIRE YEAR

After eluding local authorities for a year, Albert Reed was arrested in Dayton yesterday by Deputy Sheriff George A. Birch, and brought to this city on a charge of violating the terms of a suspended sentence given him by Judge C. H. Kyle for automobile theft.

Reed's brother accompanied him here, and between them they got together \$119 of the \$124 which is due from Reed as his share of the damages for the stolen car, and court costs. He was instructed to produce the remaining \$5 today.

Reed and Albert Paff, both Daytonians, stole an automobile belonging to C. L. Peterson, of Spring Valley. They were captured in Indiana, and the car recovered. They pleaded guilty, and Judge Kyle gave each a suspended sentence of from one to 15 years in the penitentiary, on condition that they pay expenses of repairing the machine, which amounted to \$210, and the court costs. Paff paid \$35 of his share and then disappeared. Reed never paid a penny.

MRS. LAURA E. MOON DIES MONDAY NIGHT AT SPRING VALLEY

Mrs. Laura E. Moon, wife of Arthur Moon, died at her home in Spring Valley at 12 o'clock Monday night. She had been in failing health for two years and her condition became serious August 1. She was suffering from toxemia and neuritis.

Mrs. Moon was before marriage Miss Laura Barley, daughter of the late Isaac Barley and she was born December 23, 1866. In 1872 the family moved to Spring Valley where she had made her home ever since. She was married to Arthur Moon October 10, 1888, and he survives her with two children, Clyde and Mabel. Three brothers also survive, E. M. Barley, of Spring Valley, Marsh Barley, of Dayton, and W. I. Barley, of Portland, Oregon. Mrs. Moon was a member of the M. E. church in Spring Valley. Funeral arrangements have not yet been made awaiting word from W. I. Barley, of Portland.

ITALIAN FOREIGN MINISTER RESIGNS

London, Sept. 23.—The Giornale D'Italia of Rome announces that Tommaso Tittoni has resigned as Italian foreign minister as a result of the Fiume situation, said a Central News dispatch from Rome today. (Signor Tittoni became foreign minister on June 23 last when the Nitti cabinet was formed.)

How Is Your Mother Spending Her Time!

Is she tied to the kitchen?

Does she spend hours doing work that we can do for her, when she might be resting or having some of the outside pleasures that you have?

Does she bake at home?

There is much for women to see and do in the world now-a-days.

It is the duty of the younger people of a household to help the older people broaden their vision and take part in the active life of the nation.

We are duplicating the home-made loaf.

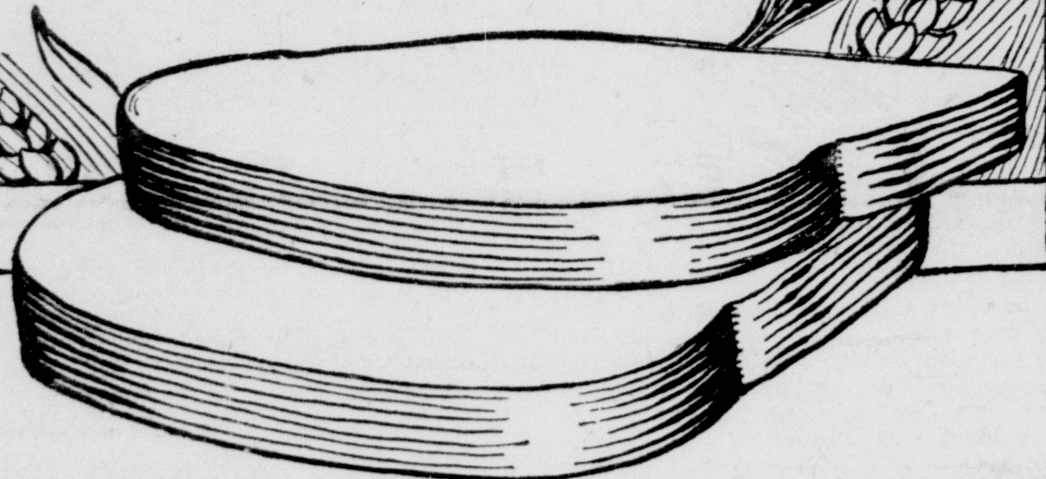

Our bread is as pure, as good and as cheap as can be made at home.

Dizziness Causes Fall—Head Injured

"A year ago my stomach bloated so badly with gas that I fell unconscious and cut my head badly on corner of door. I had suffered from stomach trouble for several years and no medicine helped me to speak of. A druggist patched up my head and advised me to use Mayr's Wonderful Remedy for my stomach trouble. The results have been really wonderful. I have never had any sign of my former symptoms since." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill, and druggists everywhere. adv

HAVE YOU SCROFULA?

Now Said to Be as Often Acquired as Inherited.

It is generally and chiefly indicated by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption.

It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise.

Hood's Sarsaparilla, the medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial.

If a cathartic or laxative is needed, take Hood's Pills—there is nothing better for biliousness or constipation.

VOTE YES

FOR THE WATER WORKS BOND ISSUE
AT THE SPECIAL ELECTION

Thursday, September 25

Every voter who is in favor of the city owning the Water Works Plant should not fail to go to the polls and cast his vote.

If you vote yes you vote for—

Pure Water

Ample fire protection.

Cheaper rates to the city at once and ultimately cheaper rates to the private consumer.

When you vote remember what others cities are doing. In 1917, 80 out of 325 water plants in Ohio were privately owned. Today only 41 plants are privately owned.

Also remember that Xenia is now paying a higher water rate than any other city in the state.

Watch for statement of Xenia physicians in tomorrow's paper.

NEWSPAPER PUBLICITY COMMITTEE.

YOUR ATTENTION, PLEASE

A Foley Cathartic Tablet is a prompt and safe remedy for sick headache, biliousness, bloating, sour stomach, gas, bad breath, indigestion, constipation, or other condition caused by clogged or irregular bowels. They cause no griping or nausea nor will they encourage the "pill habit." Just fine for persons too stout. Sayre & Hemphill.

SAFE BLOWERS CRACK SAFE AT SPRING VALLEY

Safe blowers who burglarized the ticket office of the Pennsylvania depot in Spring Valley early Tuesday morning, blowing the safe in the office, secured \$25 in money it was estimated Tuesday.

The door of the safe was blown off its hinges and tickets were scattered all over the floor, but none of them were missing, the robbers intent only on getting money. The \$25 was thought to be all that was in the safe at the time, although agents L. J. Willenburg and Raymond Eagle, have not checked up their loss yet. Railroad detectives from this city are investigating the case in Spring Valley.

It is thought that the safe was blown about 1:30 o'clock Tuesday morning. Raymond Eagle, is the morning agent, and L. J. Willenburg afternoon agent at the station, the latter leaving the depot a few minutes after seven o'clock. Citizens of Spring Valley thought they heard the explosion but paid no attention to it and the robbery was not discovered until Mr. Eagle opened up the office at six o'clock Tuesday morning.

The fact that the clock hanging on the wall was stopped at exactly 1:30 o'clock, probably by the explosion, renders it almost certain that the yeoman worked at that time.

No clue has been found to the robbers.

FORMER PRESIDENT OF CEDARVILLE BANK DIES MONDAY MORNING

Seth W. Smith, former president of the Exchange Bank at Cedarville, and father of Oscar L. Smith, cashier of that bank, died Monday morning at his home in Whittier, Cal. Particulars of his death were not given in the telegram which was received by Mr. and Mrs. O. L. Smith Tuesday

morning upon their arrival home from Chicago.

Mr. Smith spent most of his life in the vicinity of Selma. Five years ago he and Mrs. Smith went to California to live, and were at the home of their daughter, Mrs. Herbert Tebbets in that city, when he died. A son, Lewis Smith, also lives in Whittier. Mr. Smith continued as president of the Exchange Bank until about a year ago, when he resigned. He was past 70 years of age.

WIDOW OF CHARLES STREET PASSES AWAY

Mrs. Rosella Street, widow of Charles Street, of Wilmington, died Saturday midnight at the home of her daughter, Mrs. Peelle in Toledo, where she was visiting. Her body was brought to Wilmington, and funeral services were held there Tuesday at

noon at the Friends church. W. H. Street of this city is a brother-in-law of the decedent. Mr. Street, his son and daughter-in-law, Mr. and Mrs. George Street and Mr. and Mrs. Wilbur Street, attended the funeral.

Two Things Worth Having. Growing plants are healthful in two ways. First, they absorb carbon dioxide given off by the lungs of persons in the house, and give off pure oxygen to the air. Second, the evaporation of moisture from the foliage and from the porous flower pots is one of the best ways to prevent the harmful drying out of air artificially warmed. You can't have too many plants or too many children in the house.

Birds in England. It is a curious fact that of the 280 sorts of birds found in Great Britain only 140 are residents all the year round.
